This survey and award program was designed to identify, recognize and honor the best places of employment in New Jersey, benefiting the state's economy, its workforce and businesses. The Best Places to Work in New Jersey program is made up of 50 companies split into two groups: 25 medium-sized companies (25-249 employees) and 25 large-sized companies (more than 250 employees). This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top companies and the final ranking. Best Companies Group managed the overall registration and survey process in New Jersey with assistance from ModernThink LLC, who analyzed the data and used their expertise to determine the final rankings.
